What is „Young Leaders for Sustainable Future" International Training Seminar?

"Young leaders for Sustainable Future" is a dynamic educational and life skills program that:

- develops strong social and leadership skills
- clears the system of negative emotions
- heightens awareness
- increases mental focus

This intense program will combine practical sessions on entrepreneurial skills delivered by **outstanding speakers**, as well as the exceptional **yesplus workshop** that works on maximizing individual potential and physical, mental and emotional health.

A great vacation, well planned!

Located on the golden coast of the Black sea, the charming city of Varna is a wonderful place to start your journey into Bulgarian culture and hospitality. Various cultural and touristic sites around the city and pristine beaches will leave you little to no time to give into boredom.

Who are the speakers

- **Kamlesh Patel** - director of IAHV - International Association for Human Values in Geneva, non-government UN organization. Born in Uganda, raised in India, educated in New Yorku. Lawyer, economist, sociologist. He has conducted programs for various communities, including students from such prestigious universities as Massachusetts Institute of Technology (MIT), Cornell, Columbia University, Oxford University and London School of Economics. Great speaker who inspires young people.
- **Stanislav Guemes** - successful businessman from Moscow, Russia with more than 2500 employees in few different businesses. Director of IAOLF - International Art of Living Foundation, Russia. Amazing speaker with great ideas for the youth to implement.
- **Dr. Maria Zlateva** - biochemist, biologist, chemist, microbiologist and expert on composting. President of the NGO "Federation INTERECO-21" and the Bulgarian Association of composting, president of the Women Inventors Club. Expert at the Department of composting at the Agricultural University of California. Member of the Royal Scientific Institute of the Netherlands. American Biographical Institute Who is who in January honored Dr. Zlateva with the title "Woman Scientist of 2002". Honored in 2010 by the United Nations Human Settlements Programme (UN-HABITAT) for contribution to ecology.
- **Yani Dragov** - founder and owner of the biggest BIO foods distribution network in Bulgaria.

What is the yesplus workshop?

yesplus workshop engage participants in a whirlpool of joy, wake up their inspiration and enthusiasm and nurture their hidden potential for happiness and success.
